2017 Excellence in Design Awards

Honoring the Best Residential Designs— And the People Who Created Them!

The *NEW HAMPSHIRE HOME* Design Awards is a program that honors and celebrates excellence in home design and the creative use of materials in new, remodeled and historic residences.

Although small geographically, New Hampshire is fertile ground for the architects, designers and builders working here. The success and longevity of this magazine attests to that, and I will be always grateful for all the great stories homeowners have shared with our readers.

2017 Awards Ceremony

Thank you to those who joined us on January, 25, 2017 at the Manchester Country Club in Bedford, NH to celebrate this year's outstanding group of winners.

The list of this year's winners and honorable mentions is below. Photos and more information about each winning project will be featured in the March/April issue of *New Hampshire Home* and available online soon.
